### Description

Our tether mounting puck may be used with any of our Tethered Styluses to form a complete solution.

The #PUC1 mounting puck is a 7/8" dia. by approx. 1/4" high aluminum disk with a peel & stick rubber adhesive backing and a #6 screw included.

Model #PUC1 comes complete with an, optional use, chrome-steel stylus holder clip that any of our styli will snap into for storage.

To use: peel off the permanent-adhesive backing, and stick the puck to any surface that is close to your touch screen. Use the included #6 screw to attach the spring-holder and/or the #10 ring terminal on our tethered stylus\*\*, to the puck for permanent mounting. Puck allows stylus tether to rotate so tether can not become twisted.

May be used with or without the spring steel stylus holder clip May be used with the holder clip and without any tether to just keep a stylus handy. A black-plastic clip is also available.

Comes with instructions for assembly and mounting.

**Tethered & Holders : PUC-1 Holder**

---

Order the stylus with tether separately, stylus w/tether is NOT included with item #PUC1.
